## ABOUT US

# THIS IS ALWUD

Alwud is a leading manufacturer in India, who produces composite products that As a leading plastics recycler and producer of green composite, we manufacture in an energy efficient way, virtually waste- free production process. Just as our name shows, we are leading our industry towards better designs, quality, products as well as customer experiences. We believe we can become Your lifelong partner

### ALWUD

## MISSION

We work for making our planet more comfortable by being committed to the R&D of new eco-friendly material.

### ALWUD

## VISION

We are dedicated to leading in our industry. We facilitate every staff can realize working ability improvement by self efforts on the platform provided by Alwud. We motivate every staff to lead happy life that is affordable to housing, automobile, good education for offspring and a healthy & happy life for parents.

### VALUE

## EXCELLENCE

Never stop pursuing more excellence in product quality and performance.

### INNOVATION

Always treat technology innovation as our core.

### DEDICATION

Always put dedication in every moment of work.

### LIABILITY

Stay true to the liability for society and every staff

## WHY ALWUD?

### ENVIRONMENT RESPONSIBLE

Manufactured with over 80% recycled materials and without any toxic substances. Product can be 100% recycled.

### GLOBAL SUPPLIERS

Products are not only widely used in India, but also used to worldwide and exported to other countries.

### CUSTOMIZED AVAILABLE

Personalized your requirements by enterprise-owned Industry Design Center & Technology Center.

### PROFESSIONAL SERVICES

An outstanding sales team offers you professional and considerate services during the stages before and after sales.

### EXPERIENCE PRODUCER

Worked as a producer for more than one decade, leading the industry with rich manufacturing experience.

### RELIABLE QUALITY

Focus on global market, apply strict international manufacturing standards.

## ALWUD A-HPL

A-HPL is a building material that stands for Aluminum Composite Panel High-Pressure Laminate. It's a composite panel made up of two aluminum sheets bonded to a core material and covered with a high-pressure laminate surface.

**A-HPL is used in a variety of applications, including:**

**Cladding:** HPL sheets are used for cladding, signage, and decorative facades.

**Interior and exterior design:** HPL sheets are used in both interior and exterior design applications. Here are some of the features of ACP HPL sheets:

**Durability:** HPL sheets are durable and resistant to weathering, UV radiation, and chemical exposure. **Aesthetic appeal:** ACP HPL sheets are available in a wide range of colors and finishes.

**Lightweight:** HPL sheets are lightweight and easy to handle.

**Soundproof:** HPL sheets are soundproof, making them a good choice for exterior wall cladding.

**Thickness:** HPL sheets are usually 6mm thick.

*\*Customised length is also available.*

*\*\*Actual colours may vary from the pictures shown in the brochure.*
